Biokompakt® Win Prestigious Industry Award for Innovation

Our multi fuel biomass boilers from Biokompakt Heiztechnik in Austria have been awarded the Gold Award for Innovation at a recent Industry Event.

Since the Austrian flue gas control act (BImSchV) announced they will require the use of filters in biomass heating systems in the future, the Biokompakt ECO 50 -150 E series boilers, are the first to offer an electrostatic filter with an automatic cleaning function.

This filter is integrated within the boiler unit and it's cleaning efficiency is many times higher than what is required by the Austrian flue gas control act - a fact that has been verified and confirmed by independent institutions.

No extra space is required for installation and the electrostatic filter can be controlled and monitored by the existing electronic boiler control system.

In addition, the electrostatic filter can be retrofitted to earlier Biokompakt systems built since 2004 which is a great cost saver.

Congratulations to the team at Biokompakt Heiztechnik!

"We would like to take this opportunity to wish all our installers, clients and industry partners a peaceful and relaxing Christmas and New Year."

- Matthew Hunt,
Managing Director, BGI Ltd.

In This Issue

- Biokompakt wins prestigious Industry Award for Innovation
- 2017 Dates for BGI Partner Training Days
- Christmas Office Opening Hours

The BGI office will be open over the Christmas holidays
So please feel free to call, should you need to speak to a
member of the team on 01494 757055.

Installer Training Courses

A lot has changed within the industry since we started to undertake training with some of our early installers.

Through our extensive research and development of low cost fuels such as **Waste Wood, MDF Dust, and Non Woody Biomass**, and **Waste To Fuel Conversion**, we can now enable our installation partners to approach a whole new range of industries.

If you would like to become a BGI Partner and join our expanding network of Installers, please contact us directly to register onto one of our forthcoming Training Days.

**Our next Installer Training
Days are being held on
Wednesday 18th January**

and

Tuesday 14th February

**Booking is essential —Please
contact us directly on 01494
757055 or info@b-g-i.co.uk**
